Hi Leah,

Dennis would still like to get a call in with just Will, if it's possible. He could do anytime between 2:30 at 4:30pm. Feel free to give me a call 206-553-6284.

Joan, Leah, Will and Dennis,

I just spoke with Dick's assistant who informed me that Dick is in meetings all day with city officials from all over Oregon and wouldn't be able to break out of those meetings. She told me that the absolute earliest Dick is available will be tonight's call.

Morning Matt,

I am out of the office today but checking e-mail. Please copy Leah Mattox on your response as well so one of us can alert Will to the call time we arrange. To remind, Will is on travel with various meetings throughout the day.

Thanks much!
Joan

Hi Matt,

What times work for Dennis? Any chance of a mid-afternoon call between 2-3pm? If not, Will could do something earlier during Dennis' lunch break.

Thanks,
Joan

Will:

I think the first call should just be you, me, Richard and Dick. We need to determine whether there is real interest in trying to pursue a set of commitments.

I'm in a meeting with the 3 Northwest state Ag and Environmental Directors until 4:30. It's possible I could break out

for a short call during the lunch break. I'll copy Matt and Joan on this to see what they can arrange.

Thanks. Got it. I will discuss with Kim tomorrow prior to our call to ascertain what the specifics of the proposal is that we are making to Dick and Richard. Ideally, we have an hour to discuss because there are lots of details on the forestry issue and the structure of the proposal.

I fly to Sacramento tomorrow early for a negotiation and then fly to Seattle prior to our call. Let's ask Matt and Joan to see if a mid-afternoon call could work.

Participants: How to you want to structure this call, and do you want our senior program folks to participate? We will defer to you, but please let me know as I need to apprise Kim Katz and Kris Wall of our CZMA program of whether to plan to participate.

Busy. Sorry to be slow to respond, and thank you for pushing this.

Will:

We are set to talk with Richard Whitman and Dick Pedersen on Wednesday evening at 7:30 PM. I expect to get a list of the items needed to satisfy CZARA concerns from my staff late today and I will share it with you when I get it.

I understand that Oregon's Forestry Board has a rule making started on that issue. I will be at Sea-Tac in a meeting with Ag Commissioners most of the day Wednesday but can break from that to talk if we need to prior to the call with Dick and Richard. I would suggest we try to talk 15 minutes before the call with Richard and Dick just to make sure we are coordinated.
